# 2020 SUMMER PROGRAMS

## Down on the Farm

July 6-10, 9:15 a.m.-1:15 p.m.

Join us as we mosey on down to the farm! We will read stories, make crafts, and play games that are farm animal themed! The kids will even get to make a “letter garden” by planting letters in the sandbox for others to find and pick!

## Insect Exploration

July 13-17, 9:15 a.m.-1:15 p.m.

Let's explore the creepy crawlers and flying wonders of the insect world! We will enjoy “bug-tastic” stories, crafts, and games to learn all about insects. Explorers will go on a bug hunt and show off their buggy moves through dance and songs!

## Kindergarten Readiness

July 20-24, 9:15 a.m.-2:15 p.m.\*

This program is designed to help incoming kindergarteners transition from preschool into a more academic learning environment. The curriculum will focus on following directions, developing important pre-reading and pre-writing skills, learning to rotate in groups, and working independently in literacy and math centers. The lessons will follow an animal theme for the week.

Each week themes will be explored through crafts, snacks, stories, and games. The children will spend some time playing outside in our large fenced playground as weather permits and can escape the heat in our air-conditioned classrooms. Families must send a snack, packed lunch, and water bottle each day.
